

Longwood, Northwich, Cheshire

The land at Longwood lies immediately to the south of the A556 Chester Road, Manchester Road roundabout at Lostock Gralam. It is a sustainable location and is capable of delivering large-scale employment release with direct access to J19 of the M6 and M56 motorways.

The site extends to 98 acres and has been comprehensively masterplanned to accommodate key landscape and environmental features as well as providing flexible development parcels capable of supporting logistics, roadside and other uses.

Written representations submitted for the Local Plan review sets out why this site is an excellent location for additional employment uses given its access to markets, access to labour.
